# IT'S SKIN CARE MAKEUP CLEAR!

## IT'S CLEAR SERIES 6 PRINCIPLES

### CLEAN LABEL

We have eliminated over 30 ingredients from the Blacklist. These are parabens, silicones, mineral oil, petroleum jelly, paraffin, formaldehyde and their derivatives, animal products, nanoparticles, etc.

*For a complete list of excluded components, see [faberlic.com](http://faberlic.com).*

### ECO-PACKAGE

All product packages in the series meet one of three parameters:

- made from recycled materials – recycled plastic (PCR)
- biodegradable
- recyclable, easy to recycle

For 100%  
natural  
ingredients

### NATURAL

- Formulas of all products consist of 94-100% ingredients of natural origin.
- Famous organic extracts and oils.
- Natural active ingredients.

Vegan

### VEGAN

All products in the series are suitable for vegans. We do not use animal products.

Not tested on animals

### CRUELTY FREE

We do not test products on animals.

Dermatologically  
tested

Suitable for  
sensitive skin

Hypoallergenic

### CLINICAL TESTS

- The products in the series are approved by dermatologists and ophthalmologists.
- Hypoallergenic formulas.
- Suitable for sensitive skin.

# IT'S SKIN CARE MAKEUP CLEAR!

## ECO-PACKAGE

### PACKAGES OF THE SERIES WERE DEVELOPED IN ACCORDANCE WITH THE ECO-CONCEPT

- Most packaging is produced using materials made from recycled and reclaimed materials **PCR**.
- All packaging can be recycled, which also reduces environmental pollution.
- Choose bioalternative materials.
- Used recyclable glass or aluminum.
- We do not use a mirror in the packaging of compact products.

### What is PCR plastic?

**PCR** (Post Consumer Recycled) and **PIR** (Post Industrial Recycled) – are plastics of secondary recycling.

SKIN CARE MAKEUP **IT'S  
CLEAR!**

## PROVED AND TESTED

### ITALIAN INSTITUTE FOR DERMATOLOGICAL RESEARCH ISPE

- Dermatologically tested.
- Does not irritate skin.
- Hypoallergenic.
- Suitable for sensitive skin.

### PIROGOV OPHTHALMOLOGY RESEARCH CENTER

Approved and tested by ophthalmologists  
and allergists.

Approved and tested  
by ophthalmologists in  
Pirogov Ophthalmology  
Research Center
