OXY HAIR OXYGEN SERIES

**OXY HAIR — SERIES FOR
COMPREHENSIVE HAIR CARE
BASED ON OXYGEN COMPLEX
AND PEPTIDES. INNOVATIVE
PRODUCTS SATURATE SCALP
WITH OXYGEN AND
TRANSFORM STREAKS
FROM THE INSIDE.**

EFFICIENCY OF OXY HAIR PRODUCTS IS CONFIRMED BY FABERLIC PATENTS*, INCLUDING AN INTERNATIONAL ONE.

«Few people think about why hair grows at all.

In fact, deep in the skin are located hair follicles. It depends on them whether the hair will be strong or brittle. The follicle cells are active and require a lot of oxygen: if there is a lack of it, they can even “fall asleep”, which will cause hair growth to slow down or hair loss.

Oxy Hair is the first Faberlic hair series created to saturate hair follicles with oxygen and restore their activity level».
