SALON CARE

A TOUCH OF LUXURY

PREMIUM HAIR CARE
OF SALON LEVEL

GIVE YOUR HAIR TRUE LUXURY!

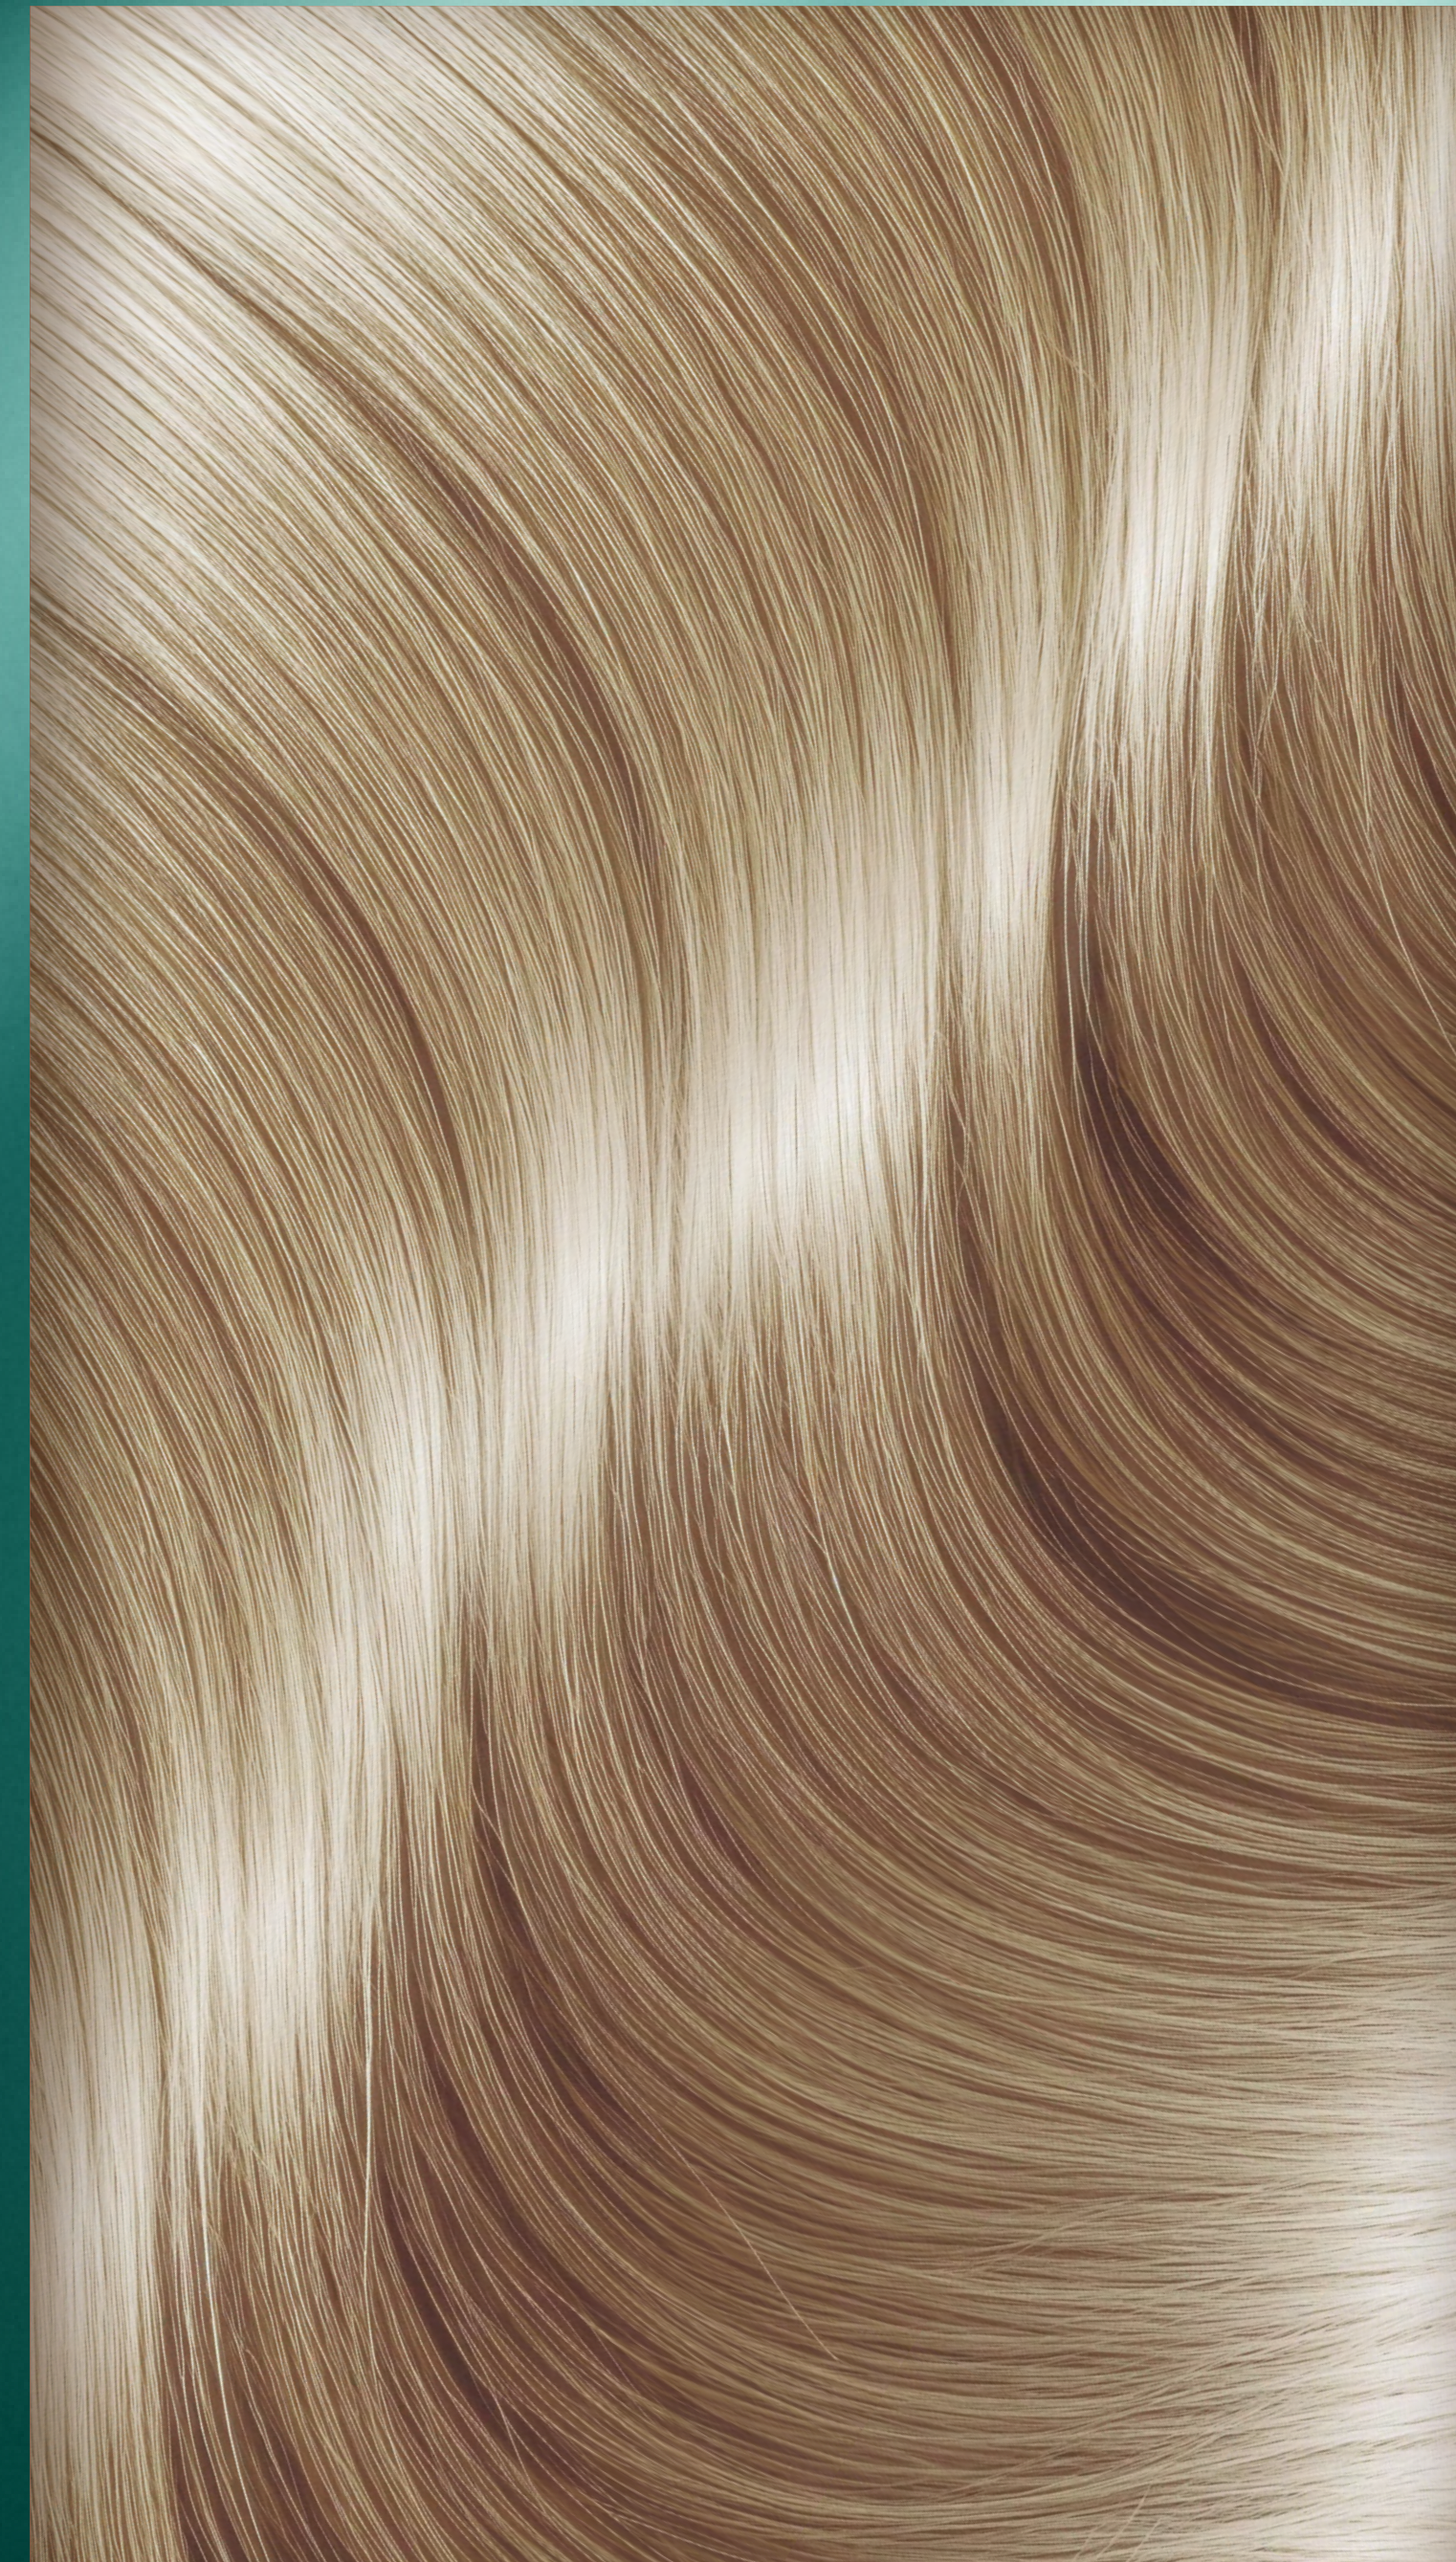

Updated Premium Salon Care Series — a professional hair care, available at home. All products are based on modern and highly effective ingredients: collagen, keratin, ceramides and valuable oils.

VISIBLE RESULT IN 3 APPLICATIONS

Clinically proven effectiveness

IMPROVED FORMULAS

- Sulfate-free shampoos with increased foaming
- Masks and balms with enhanced effect
- Noble perfumes

SALON CARE

RESTORATION AND HYDRATION

The line is specially
designed to quickly repair
damage and reduce
brittleness of hair

FABERLIC

SALON CARE

KERATIN is a protein that is part of hair. It has a powerful regenerating effect and strengthens the structure.

HYALURONIC ACID is a component that retains moisture in the hair structure and protects it from damages.

CLINICALLY PROVEN*:

「 THICKNESS
+20% 」

「 ELASTICITY
+12% 」

「 STRENGTH
+8% 」

*In 30 days of complex application of the series products.
The study was conducted by SIC PM-ROSTEST.

SALON
CARE

VOLUME & DENSITY

The line is designed
to add noticeable volume,
increase hair density
and elasticity

FABERLIC

SALON CARE

COLLAGEN is one of the main building components of hair, ensuring its strength and elasticity.

CERAMIDES are lipids that help strengthen and restore the structure of hair, restoring its density and elasticity.

art. 10340

SILKY COLORING

SILK COLOUR

Permanent Cream Colour

with a soft formula simultaneously
cares for hair and ensures
rich color

SALON CARE

SALON CARE

THE AMINO ACIDS OF SILK
easily penetrate into the hair
structure, smooth the surface
of hair, and give it incredible
softness and attractive shine.

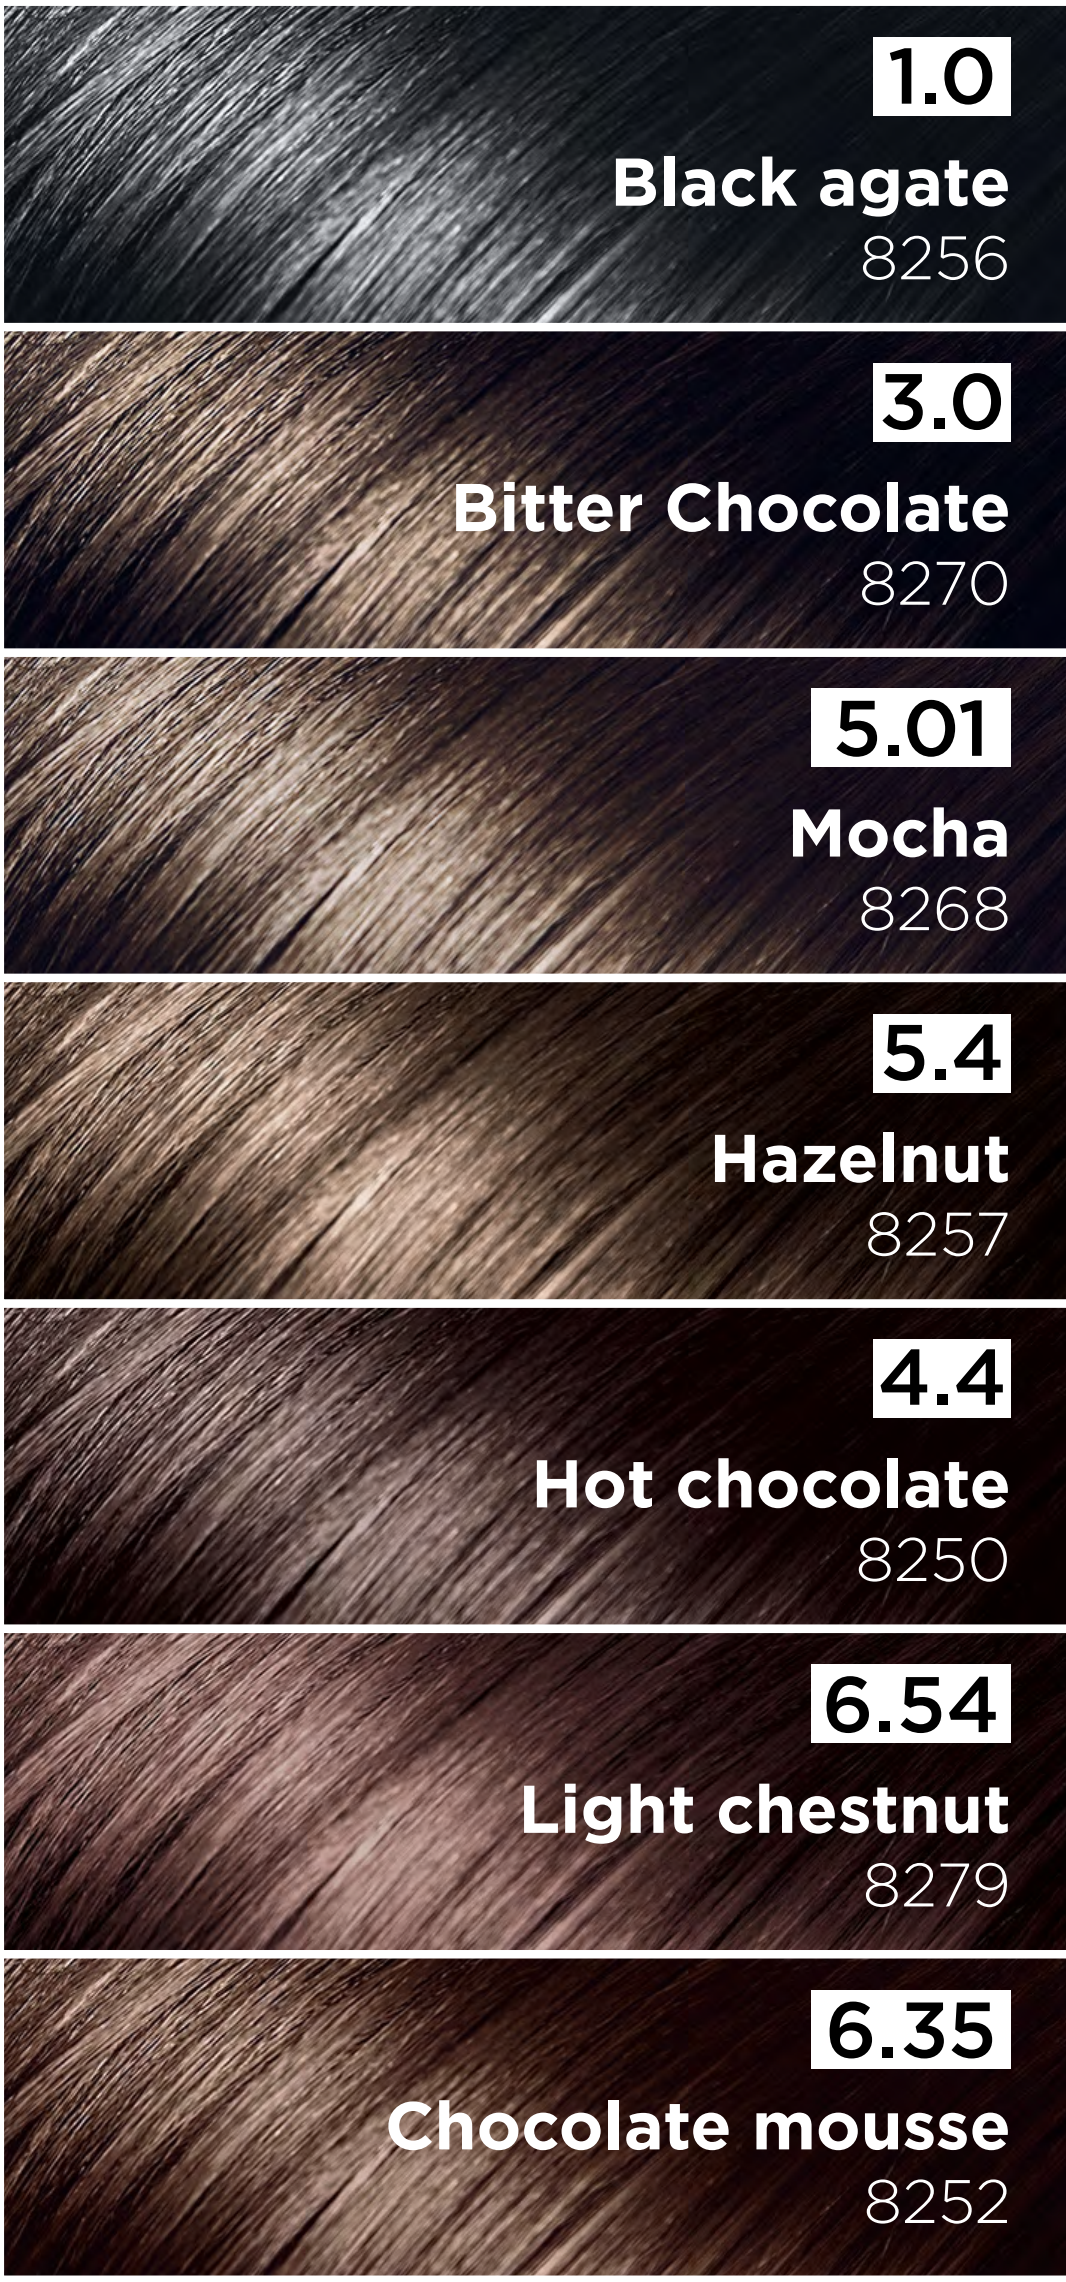

SILK COLOUR PERMANENT CREAM COLOUR

ADVANTAGES

- Gentle formula, gentle hair coloring
- The ability to change tints more often while maintaining hair quality
- Silk amino acids are related to those that are part of the hair, they are easily embedded in the hair, strengthening and softening strands, restoring their structure
- The best solution for masking early gray hair

SPECIFICATIONS

- Classic emulsion dye
- Coloring and care at the same time
- Optimal pH 9.0
- Recommended for gray hair of no more than 30%
