**MAKEUP ARTISTRY SCHOOL**

As we age, wrinkles and age spots appear, skin gets dry and dull. **The function of lifting makeup** is to make it more moisturized, healthy, and radiant from inside.

**The main feature of anti-aging makeup** is its application. To get the desired effect, follow the massaging upward lines and apply a thin layer of makeup with light beating strokes.

**ANTI-AGING FORMULA FOR LIFTING EFFECT**

# Tools OF YOUR SALES

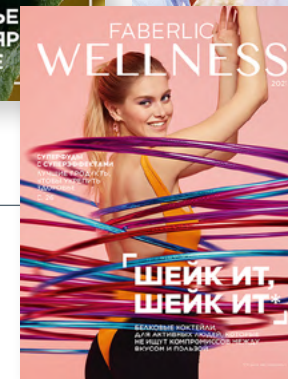

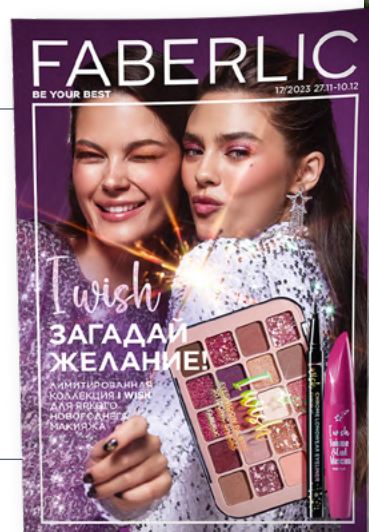

## Gift bags

If a client has made a big order from you, pack it in your corporate gift bag. Such attention will be a pleasure for your clients and they will be back to you for a purchase!

## Corporate materials

Corporate materials such as product brochures, catalogs, and price lists are helpful in navigating the product range and communicating important information to your clients.

## Product Test Samples

Product samples are an important sales tool. They allow customers to select the best product for them more accurately, make you look more professional, and help you boost your sales. Note that there are samples not only for fragrances, but also for other products.

## Tone Maps

For customers who buy your Silk Color or Maximum Color hair dye. The color chart (item 8249 or 18053, respectively). By identifying more precisely the dye shade, the customer will be sure to come back to you for their next campaign!
