OH! MEGA BENEFITS
FOR YOUR SKIN!

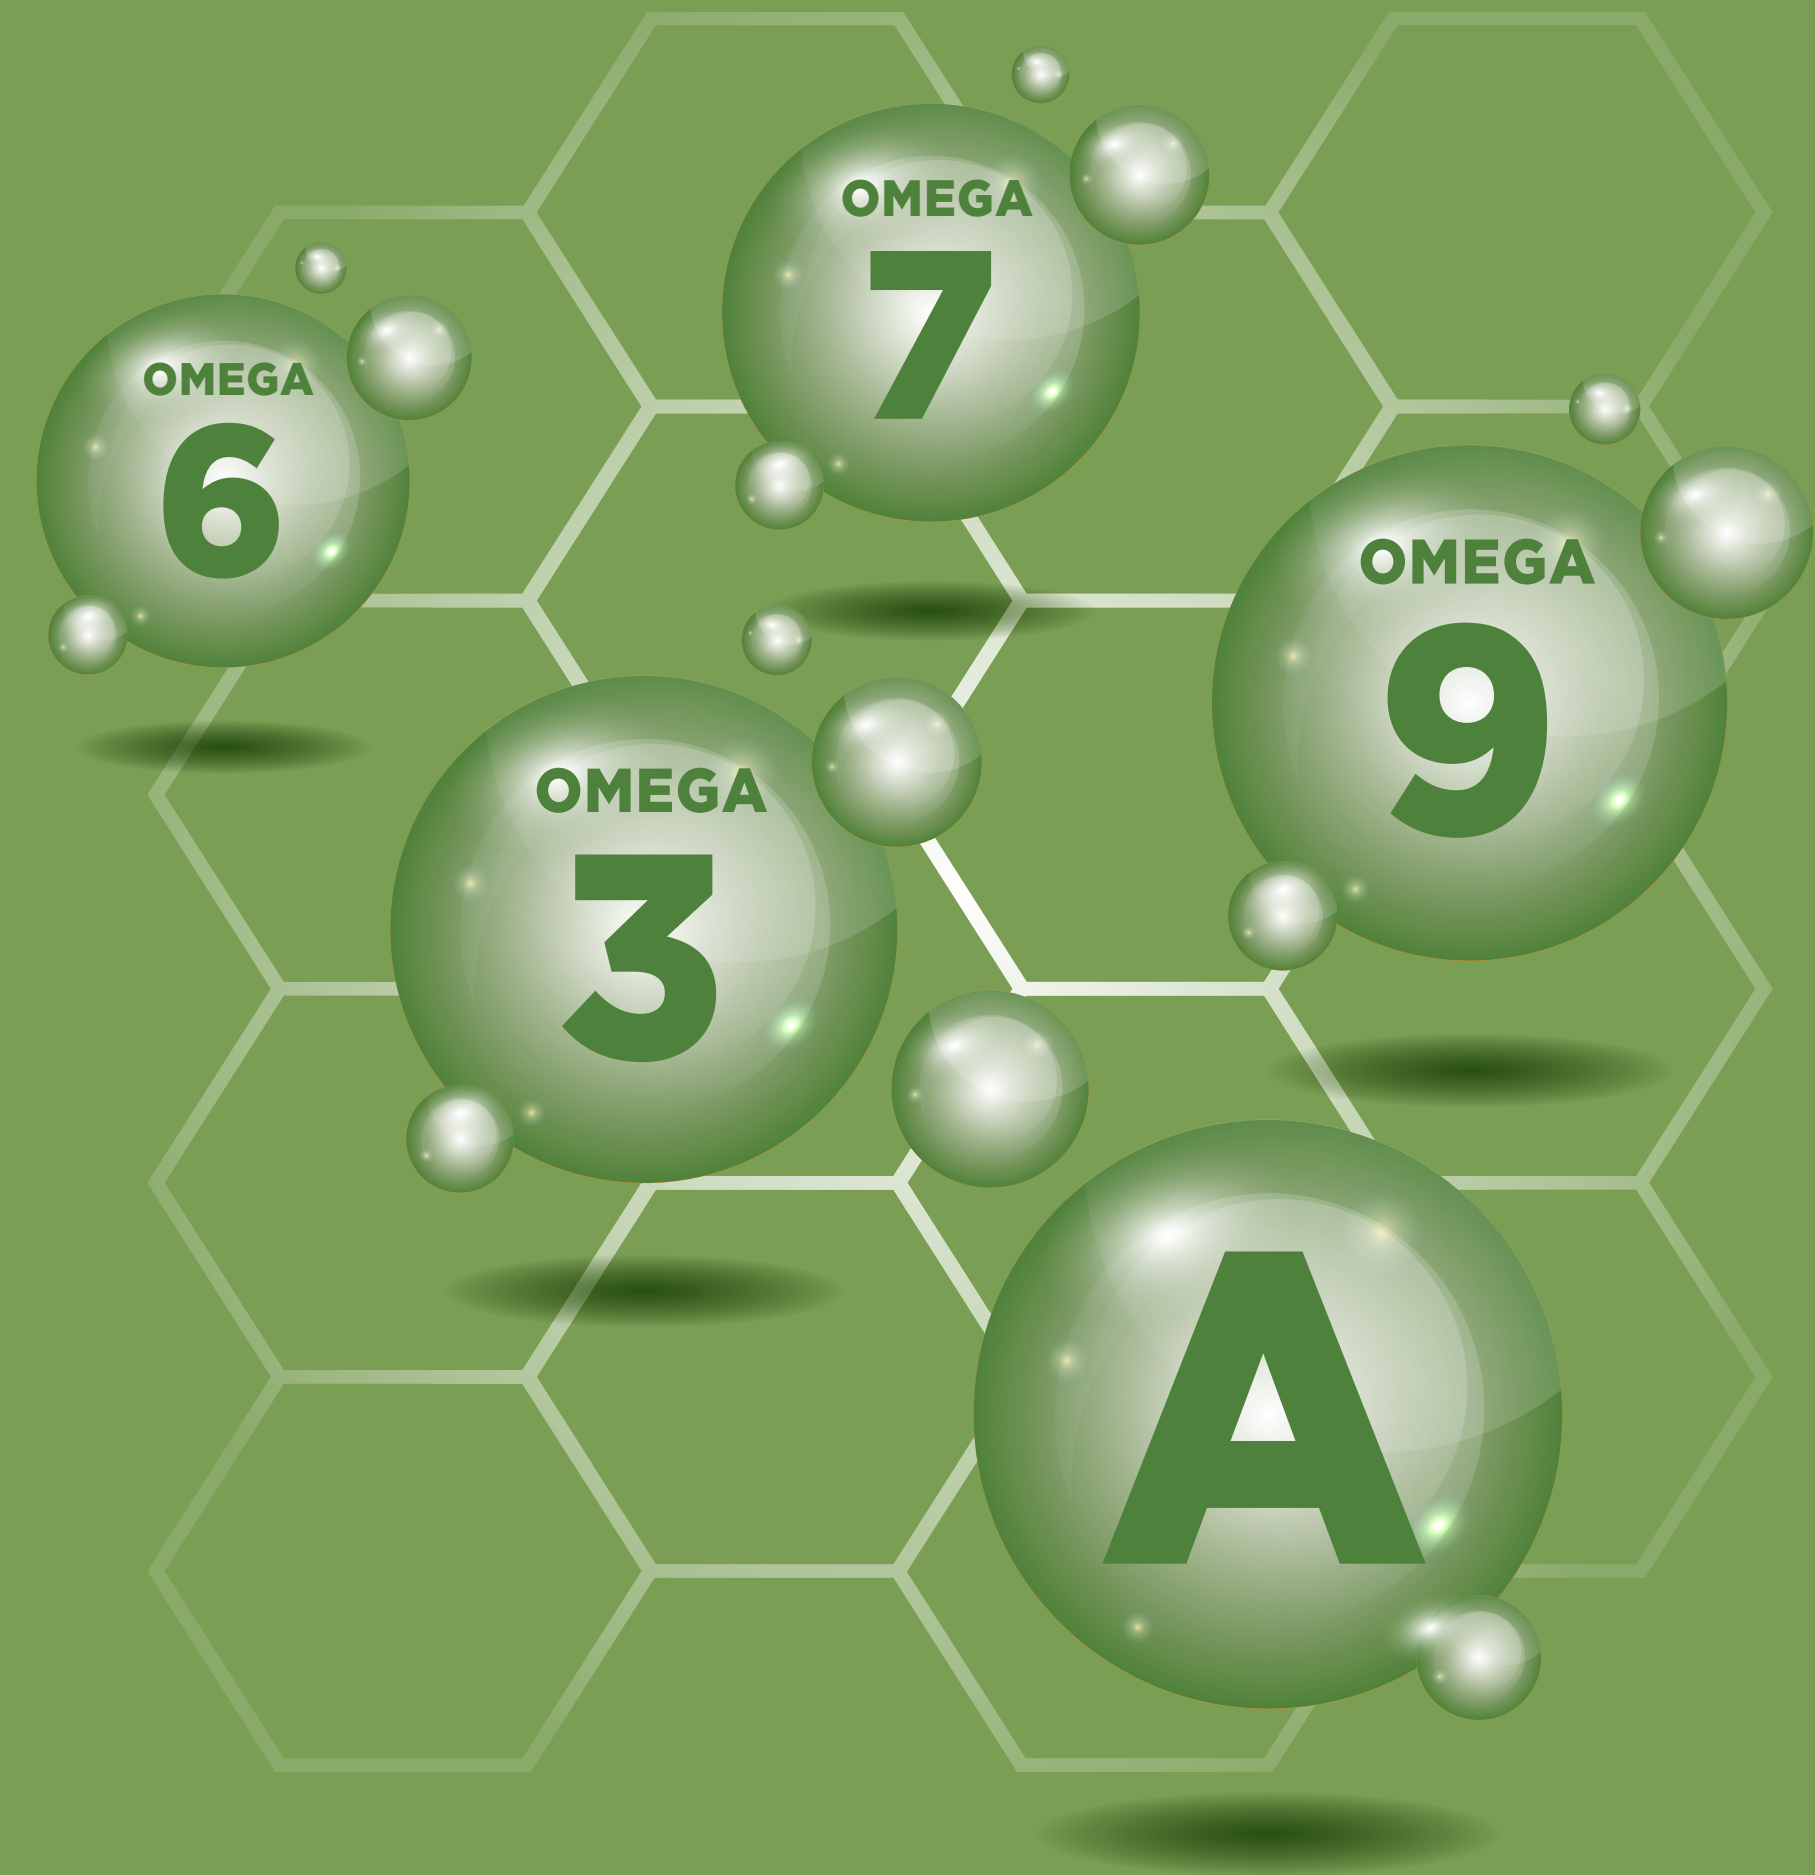

A SERIES BASED ON VALUABLE OILS -
SOURCES OF POLYUNSATURATED
OMEGA FATTY ACIDS 3-6-7-9

The importance of omega acids has been scientifically proven: it is an irreplaceable source of beauty and health for the skin. It makes your skin look firm, smooth and radiant. That's why we created the Omegahit series, based on natural oils rich in omega-3, -6, -7 and -9 acids.

OMEGA ACID COMPLEX AND CAROTINOIDS activates the skin's metabolism and has a general restorative and antioxidant effect.

Omegahit products are suitable for all skin types and for all ages.

4 IMPORTANT OMEGA ACIDS SOURCES

LYAN OIL gently cares for both young and old skin. It deeply moisturizes and softens it, smoothes fine wrinkles and eliminates irritations.

MORETTLE OIL is known for its rich composition with high vitamin content. It saturates the skin, awakening it and filling it with energy. It strengthens the skin's protective functions, nourishes and softens it.

OLIVE OIL stimulates regeneration processes and quickly regenerates the skin. It normalizes fat metabolism in skin cells and strengthens the natural protective barrier.

SESAME OIL has a powerful wound-healing and anti-inflammatory effect, enhances local skin immunity and has an antioxidant effect. It fights dryness and flakiness by intensively nourishing and moisturizing skin.
