「FOR BRAVE
HEARTS」

MODERN KNIGHTS

What's so tempting in a medieval knight? Bravery, honour, and nobleness. The same qualities are valued in modern men. Knights are among us. But now heroic deeds became a bit different, and their deeds became the reflection of their status, not their shining body armour any more.

AUTHOR OF HEROIC FRAGRANCE

Lancelot was made by French perfumer Elise Bena. She was born to the south of France, and it was the starting point to her passion to fragrances. As Elise says, «fragrances are stronger and more intensive there: sunburnt, they just penetrate you.» It was her fetish from the childhood.

She became successful in perfumery thanks to her persistency and commitment in observing things: she seeks her inspiration in fragrances of the world around her. Elise Bena is really pleased by her work. In the greatest variety of fragrances she finds the ones that help her turn them into interlacing of fragrant notes.
