SECRETS OF THE EAST

Oriental medicine identifies more than 60 biologically active points on the human foot, responsible for the function of the internal organs. Through their effect on these points, the patches make you feel refreshed, invigorated, and energized in the morning.

UNIQUE COMPOSITION

Bamboo vinegar improves blood flow, removes toxins and impurities, and has antibacterial properties.

Wood vinegar stimulates blood flow and normalizes blood pressure.

Tourmaline increases local blood and lymph microcirculation, opens pores, improves metabolism.

METHOD OF APPLICATION

- Remove the protective layer along the cutting line.
- Attach the patch onto your sole carefully and leave it on overnight (at least, for 6-8 hours).
- Remove the patches in the morning without touching the blackened part. Wash your feet thoroughly.
