## TRAP WIPES

Wipe microfibers are covered with a unique adsorbent that effectively catches washed out dyes from fabrics, preventing shedding, as well as “collects” particles of washed dirt, preventing their re-settling on the fibers and protecting clothes from the appearance of gray tint.

- PROTECT CLOTHING FROM MUTUAL STAINING
- CLOTHES ARE LIKE BRAND NEW FROM WASH TO WASH - RETAINS THE BRIGHTNESS OF COLORED FABRICS AND THE ORIGINAL WHITENESS OF WHITE

- CONVENIENT DOSAGE

**1 WIPE =  
1 WASHING**

- ALLOW YOU TO WASH MULTI-COLORED CLOTHES TOGETHER

**CLOTHES DID NOT SHED!**

**Меры предосторожности:** хранить в недоступном для детей месте. Применять только по назначению. При попадании в глаза промыть большим количеством воды. Может быть вредно при проглатывании. При случайном проглатывании прополоскать рот водой. Не допускать попадания в окружающую среду. Вредно для водных организмов с долгосрочными последствиями. Использованные салфетки утилизируйте как бытовой отход.

**Условия хранения:** хранить в прохладном сухом месте при температуре вдали от прямых солнечных лучей. Не храните вместе с пищевыми продуктами и горючими веществами.

# LAUNDRY PERFUME IN GRANULES

Aroma granules give fabrics a scent that unfolds when the fibers contact each other.

- AROMA GRANULES GIVE FABRICS BRIGHT, DURABLE, PLEASANT SCENT
- IDEAL FOR REFRESHING BED LINEN AND SPORTSWEAR
- PROTECT FABRICS FROM MUST AND STATIC ELECTRICITY
- FRESHNESS IS ACTIVATED DURING USE AND WEARING CLOTHES

Recommended for bed linen, terry, bath and kitchen towels, bathrobes, tablecloths, bedspreads, as well as curtains and items that are removed to a storage cabinet for a long time. Effectively refresh clothes for sports and active training.
